Question: 1

SIMULATION

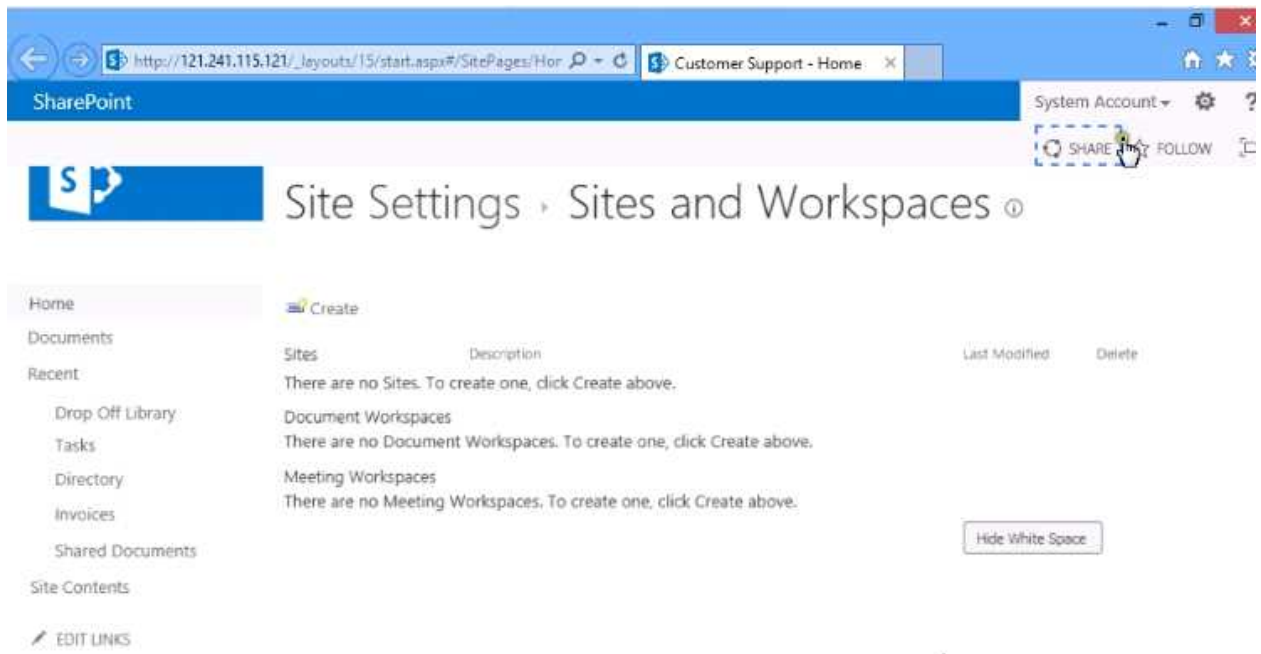

Create a new Project Site that uses the following elements:

- Title: Ad
- Description: New Campaign
- URL name: Ad

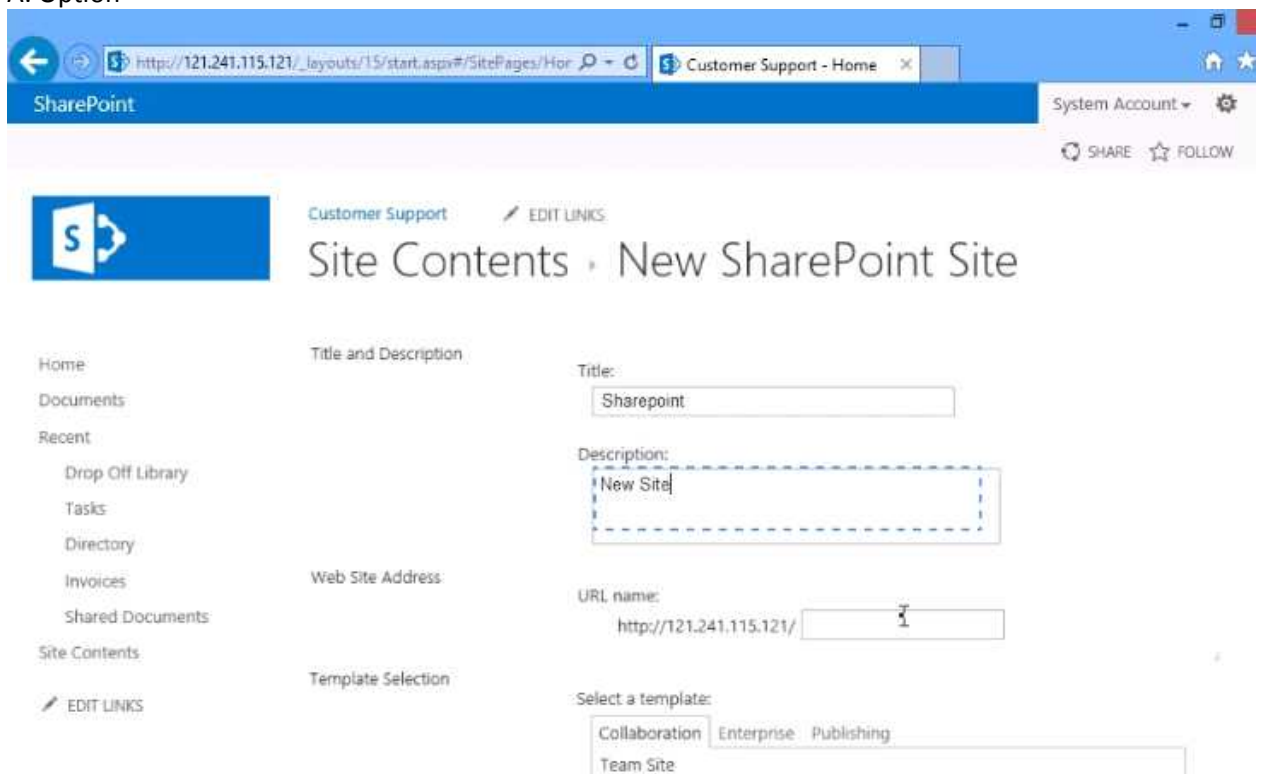

(Note: Accept all other default settings.).

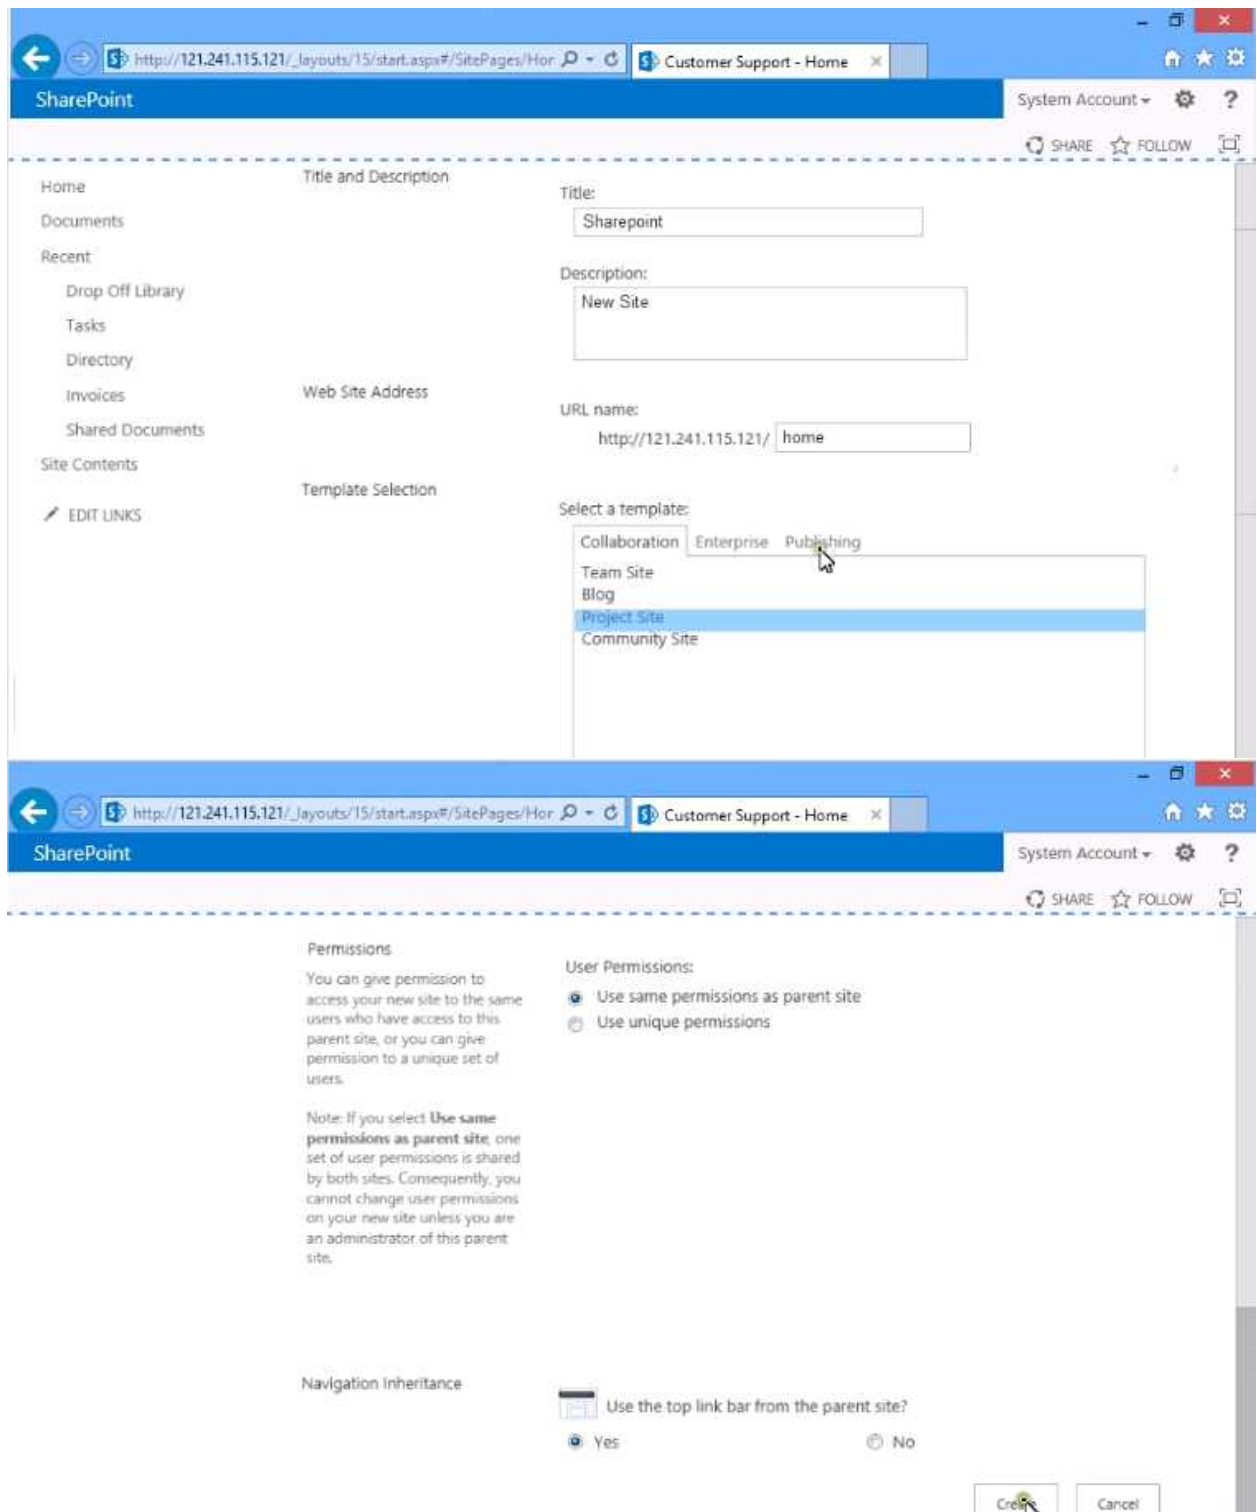

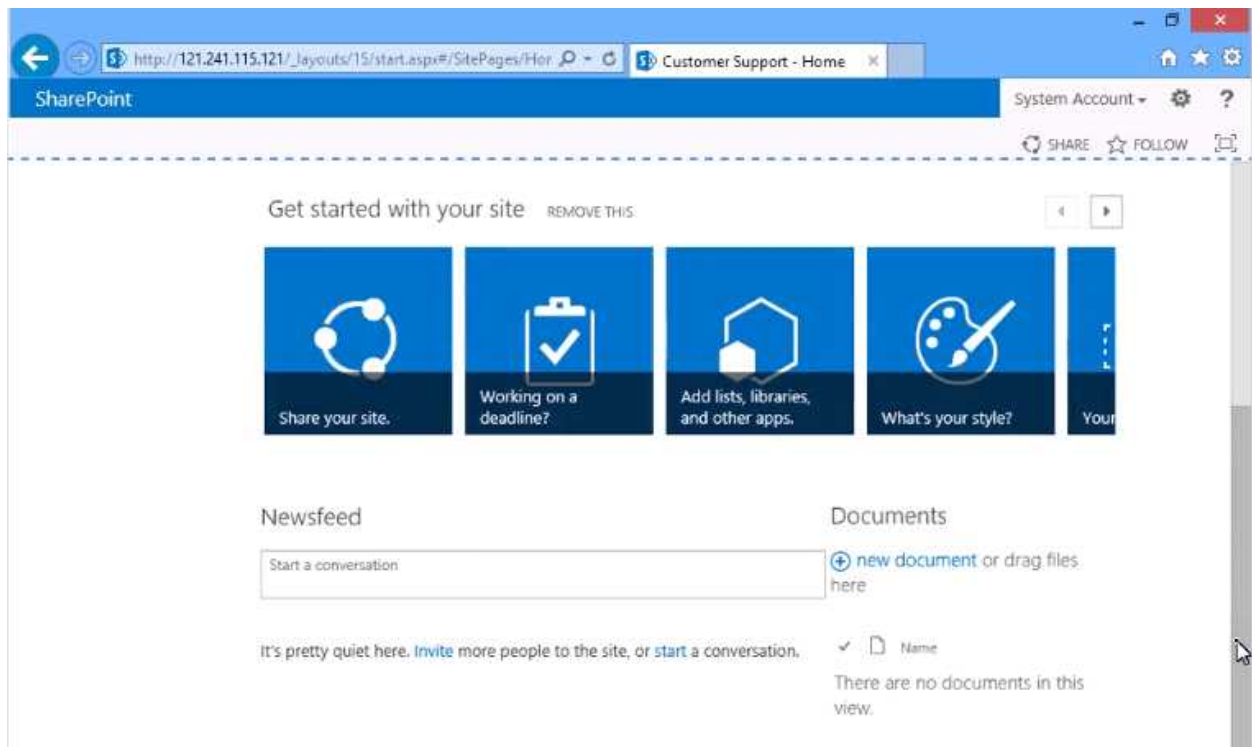

The screenshot shows a web browser window displaying a SharePoint site. The address bar shows the URL: http://121.241.115.121/_layouts/15/start.aspx#/SitePages/Hor. The page title is "Customer Support - Home". The SharePoint logo is visible in the top left corner. The main heading is "Customer Support" with an "EDIT LINKS" option. Below this, the page is titled "Site Settings" and "Sites and Workspaces". A "Create" button is visible. The main content area shows a table with columns for "Sites", "Description", "Last Modified", and "Delete". The table is currently empty, with the following text: "There are no Sites. To create one, click Create above.", "Document Workspaces", "There are no Document Workspaces. To create one, click Create above.", "Meeting Workspaces", and "There are no Meeting Workspaces. To create one, click Create above.". A "Hide White Space" button is located at the bottom right of the table area. On the left side, there is a navigation menu with items: Home, Documents, Recent, Drop Off Library, Tasks, Directory, Invoices, Shared Documents, and Site Contents.
