Version: 4.0

Question: 1

You have set up a Flow to automatically assign a resource's manager to the approver field on Timecards. Users have reported that submitted Timecards are going to the Project Manager for approval and not the resource's manager. Of the following, which could be a reason for this?

A. PSA requires that only Project Managers can approve Timecards
B. The process builder to assign the resource's manager is not active
C. The configuration option Assign Project Manager To Time card Approver is set to True

Answer: A

Question: 2

Your company has both full time and part time resources. From a Human Resources perspective, part time resources can work any number of hours per week. From a Resource Planning perspective, management has agreed that part time workers can be estimated at 20 hours per week.
Based on this information, how many work calendars should be created?

A. One full time work calendar, and one work calendar for each unique part time contract
B. One full time work calendar, and one part time work calendar
C. One full time work calendar, one part time work calendar, and one generic flexible work calendar

Answer: C

Question: 3
